

CALAPAO, JAN REINNEN S.

CAREER OBJECTIVE

Highly organized individual with a strong foundation in Artificial Intelligence, Natural Language Processing (NLP), and Machine Learning model development. Seeking an entry-level position where I can leverage my technical skills in Microsoft Azure and Prompt Engineering to streamline processes and deliver high-quality outputs. Committed to contributing to the company's innovation while continuously deepening my understanding of advanced tech solutions.

SKILLS

Technical And Functional Skills

- Prompt Engineering
- Basic cloud computing concepts
- API integration and Restful services
- AI deployment basics
- Machine learning model development
- Natural Language Processing
- Computer Vision

Soft Skills

- Strong communication and documentation skills
- High attention to detail
- Analytical and problem-solving skills
- Adaptability in fast-paced environments
- Team collaboration and cross-functional coordination
- Fast learner, quickly adapts to new systems

Tools And Technologies

- Microsoft Azure
- Microsoft Office Suite
- Google Colab
- Visual Studio Code
- Supabase
